

**BDS** demonise Israel where Jews,  
Arabs and other minorities have full  
and equal rights enshrined in law.  
However,

**B**                      **D**                      **S**

Are

**BLIND, DEAF, SILENT**

when it comes to the Palestinians in  
Lebanon, who, through a series of  
apartheid laws, are barred from:

- more than 25 professions, including engineering, medicine & law.
- social services & health care.
- owning property

**BDS do NOT care about the Palestinians.**  
**BDS ONLY care about destroying Israel.**
